

Google Classroom for Parents

Create your Google Account:

First of all, you will need to sign up for a google account **using your current email address – you can click this as an option (in blue text under the username box).**

- Go to:

<https://accounts.google.com/signup/v2/webcreateaccount?flowName=GlifWebSignIn&flowEntry=SignUp>

or - just put Google Account into a search engine.

- Your first name and last name will be the names seen by people in the 'classroom'. Please use your child's first name and first letter of surname e.g. Jack A
- You will now receive an authorisation code in your email address, which you will need to enter.

Joining Your Classroom:

- Visit <https://classroom.google.com/> and sign in, using the account details you just created.
- Click the dropdown menu button at the top left, which looks like this:

- **Find the 'private comments on work' feature and turn it off**
- Click on the plus sign to join your class

+

Create or join your first class.

- Enter the code for your class. _____ (This can be provided by class teacher or contact the school office)

Stream

The stream tab on your Classroom home page allows a 'chat' communication feature between all group members. **You will not be given tasks here**, as when it gets busier, they will be lost in the thread!

Classwork

This is where you will be able to see the work your teacher has set for you this week. If you click on view assignment, you will also see a box where you can create your own document for your teacher to see. Have a play around with this and see what you can do – we won't all get it working seamlessly straight away!
