	Economic wellbeing: How to manage money	Ways to pay I know that cash is only one way to pay for goods and services. I can describe ways of paying that don't involve cash e.g. debit cards, credit cards, online payments. I understand the reasons for using different forms of payment including the difference between debit and credit cards.	Keeping records I know some different ways of keeping track of my money e.g. counting, keeping receipts. I can plan and track my saving and spending by keeping simple records. I understand why it is important to keep track of my saving and spending	Foreign currency I know that different forms of money are used in other countries. I can carry out simple calculations based on exchange rates. I understand why it is important to understand other currencies, particularly when I am visiting another country	Simple financial records I know I need to check and keep basic financial information e.g. receipts, bills, bank statements. I can use simple financial information to plan and manage a basic budget and keep track of my spending. I understand that planning my spending helps me to stay in control of my money.

PSHRE Key Stage 2 Progression

Believing & Achieving Together to be the Best We Can Be

	Economic wellbeing: Becoming a critical consumer	Decisions about saving and spending I know that the decisions I make about saving and spending my money can be influenced by, and have an impact on, other people. I can take account of other people's ideas and opinions when making decisions about saving and spending my money. I am beginning to understand that different people have different attitudes to, and feelings about, saving and spending money.	Spending and saving priorities I know how to prioritise between needs and wants. I can make spending decisions based on my priorities, needs and wants. I understand that it may not be possible to have everything I want straight away, if at all, and that I may need to save money for things I want to buy in future.	Influences on saving and spending I know that advertising is used to persuade me to spend my money. I can recognise when my choices around money are being influenced by advertising. I understand why we should all be critical consumers, thinking carefully about how we use our money	Value for money I know that some things are better value for money than others. I can make comparisons between prices when deciding what is best value for money, including for services such as electricity, phones and the internet. I understand why making informed decisions will help me make the most of the money I have.
	Economic wellbeing: Managing risks and emotions associated with money	Using accounts to keep money safe and to save I know I can keep my money in a standard and/or online bank account and what benefits this might have. I can explain why I might use an account e.g. bank, building society, credit union. I understand managing money can be complex and using an account is one way of making it easier e.g. receiving updates and statements.	Lending and borrowing I know that if I don't have enough money I may have the choice to borrow, but that if I do I will have to pay it back. I can explain why I might want to borrow money and how this might make me feel. I am beginning to understand that I can pay for things without having enough money and that this has consequences e.g. I could get into debt	Protecting my money I know there are financial risks associated with spending money online e.g. scams and phishing. I can describe some ways to keep my money and personal information safe when using the internet e.g. protecting passwords and PINs. I understand some consequences of financial scams and how they might make me feel.	Saving and borrowing I know what interest is and that it may be added to money I save and borrow. I can explain some of the benefits of saving, and some of the risks involved in borrowing money. I understand it is important to consider any risks and potential consequences before borrowing money, including the impact on my feelings and those of others.
	Economic wellbeing: Understanding the important role money plays in our lives	Earning money I know that there is a range of jobs – paid and unpaid. I can describe different jobs that I might do to earn money when I am older. I understand the reasons why some jobs pay more than others.	Helping others I know why it is important to help others e.g. by donating to charity. I can explain how my spending decisions can help support others, e.g. buying fair trade products, using charity shops. I understand why I might, or might not, want to give money to help others.	Links between work and money I know that money to be earned is one factor which may influence choosing a job. I can describe how having a job will allow me to achieve certain goals in my life including financial ones. I am beginning to understand that the choices I make about work and money will affect my life.	Wider communities I know that money is deducted from earnings to provide things we all need e.g. through taxes and National Insurance. I can describe some ways in which the government uses money to provide for my needs and those of my local community. I am beginning to understand why and how some of the money we earn supports the wider community
